FOR IMMEDIATE RELEASE

Top Brewer MN Round 1 Finals to take place at Minnetonka's Lucid Brewery at their first ever public event

Lucid Brewery invites area residents to their first party; a truly Minnesotan winter beer party, to help them choose the first Top Brewer MN Champion (and their next beer recipe).

MINNETONKA, MN. Lucid Brewing Company, Chop Liver Beer Fests, and Thrifty Hipster are pleased to announce that the Round 1 TopBrewer MN Finals will take place at the Lucid Brewery on February 2nd, 2013.

Please join us for an event that aims to find the best home brewer in Minnesota and help them realize their dreams by brewing at full production level. In October 2012, 24 brewers competed, and the 4 best brewers were chosen by the crowds. They've since been brewing and honing their recipes, and on February 2nd, guests will sample, judge, and choose MN's Top Brewer! This person will have the opportunity of a life time; they will brew their winning recipe full-production level with the Lucid brewmaster, help name their beer, and be featured at release events in March.

This is also the first party hosted at the Lucid Brewery in Minnetonka, giving local residents the opportunity to see the facilities, meet the brewers, and sample a host of beers. This event will take place outside and include food trucks, large fire pits, and live music by T.U.G.G. and Chester Bay.

The Top Brewer Competition is a celebration of the local craft beer scene. Never before has the community been brought together to choose what beer will enter the local market. This event unites local breweries, beer lovers, home brewers, and craft beer bars in one harmonious event, by showcasing each, and the contribution they make to our community.

Lucid Brewing Company is located at 6020 Culligan Way, Minnetonka, MN 55345. For tickets, brewer bios, or other information go to www.topbrewer.org
